

# A Guide to the URINAL Abbreviated UCAS Code

by  
Chris Llenarg  
&  
Samuel D MacLaren

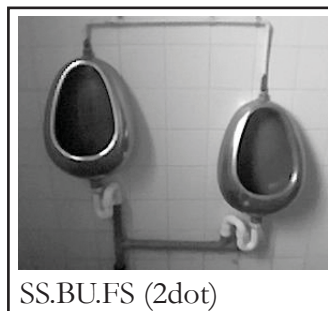

Please use this abbreviated UCAS code sheet to start 'tagging' your first Urinals. Start with a simple one dot classification, and when you are comfortable, move on to two dot, three dot and finally the full four dot UCAS code. Use the examples here and refer to the full UCAS code as set out in the book "A Guide to the Urinal". We'd be delighted to hear about your finds via [www.urinalogy.net/submit](http://www.urinalogy.net/submit) or direct to [submission@urinalogy.net](mailto:submission@urinalogy.net).
